PROFESSIONAL SUMMARY

Motivated Computer Science Engineering student and MERN Stack Developer with hands-on experience building responsive, scalable, and database-driven web applications. Skilled in JavaScript, REST API development, and full-stack architecture using MongoDB, Express.js, React.js, and Node.js. Passionate about solving real-world problems and delivering efficient, user-friendly digital solutions.

TECHNICAL SKILLS

Languages: JavaScript, Python, C
Frontend: HTML5, CSS3, React.js
Backend: Node.js, Express.js
Database: MongoDB, SQL
Tools: Git, GitHub, VS Code, Postman, Figma, Canva , Blender
Concepts: REST APIs, CRUD Operations, MVC Architecture

PROJECTS

CareNest — Elder Care Service Platform | HTML, CSS, JavaScript

- Developed a responsive web platform to simplify elder-care service booking with structured workflows
- Designed user-friendly UI to improve accessibility and navigation experience

BookItAs — Library Management Interface | HTML, CSS, JavaScript

- Built a mobile-first library interface to enhance student access to resources
- Implemented responsive design ensuring seamless experience across devices • Improved navigation structure for faster content discovery

DigiBill — Supermarket Billing System | React.js, Node.js, Express.js, MongoDB

- Developed a full-stack billing management system for supermarket point-of-sale operations
- Built product catalog management with real-time inventory tracking and automatic stock updates

INTERNSHIP EXPERIENCE

MERN Stack Web Developer Intern — **RKS Infotech** Jan2026 - April2026

- Developed a full-stack Delivery App using the MERN stack (MongoDB, Express.js, React.js, Node.js)
- Built real-time order tracking features with RESTful API integration and dynamic React UI

Web Development Intern — **Vulture Line** Aug 2025 – Sep 2025

- Developed 5+ responsive web pages using HTML, CSS, and JavaScript
- Collaborated with a team to enhance UI/UX and improve usability

Python Developer Intern — **Invysys** May 2025 – Aug 2025

- Developed and debugged multiple Python applications for real-world use cases
- Resolved logical and runtime errors, improving application reliability

EDUCATION

B.Tech — Computer Science and Engineering

Achariya College of Engineering and Technology | 2022 – 2026

Higher Secondary Education

Seventh Day Adventist Higher Secondary School | 2022

CERTIFICATIONS & ACHIEVEMENTS

- HTML & CSS Certification — GUVI
- Python Development Internship — Invysys
- Best Team Award — Hackathon
- Winner — Inter-College Debate Competition
- Regional Selection — Business Plan Competition
